The diagram shows a cross-section of a coastal profile. The vertical axis represents elevation in meters TAW (m TAW), and the horizontal axis represents distance in meters (m). The profile starts at a high elevation on the left and slopes down to the right, with a small step or change in slope indicated by a vertical line. The data points for elevation and distance are as follows:

Hoogte (m TAW)	Afstand (m)
24,97	0,00
24,95	3,42
24,67	4,17
24,15	4,63
