This architectural drawing shows a side elevation of a building facade. The facade is composed of several vertical rectangular volumes of varying heights. From left to right, there is a tall section, a slightly shorter section, a very short section, a medium-height section, a short section, a medium-height section, and a tall section. The roofline is stepped, following the tops of these volumes. A horizontal line at the bottom represents the ground level or a comparison plane. The drawing is a line sketch with no shading or texture.
