The diagram illustrates a cross-section profile of a waterway. The top line represents the ground elevation (Hoogtepeil), with specific values labeled at various points. Below this, the slope (Slibpeil) is indicated by a series of vertical lines. The cumulative distance (Kumulafstand) is shown at the bottom, with values increasing from left to right. The profile includes a central section labeled 'Broekloop' with a tree icon, and two points marked with circled numbers 10 and 11. Arrows indicate specific elevation points of 15.02 and 15.15.
