

Dwarsprofiel_112

Aangeduide kruinbreedtes zijn indicatief.

Opgemeten volgens bestek: L 4000 S 0001 G

Diagram illustrating the cross-section profile of a road or embankment, showing the relationship between the ground surface, the structure/artificial work, and the general closure.

The diagram includes the following labels and dimensions:

- vaste bodem** (fixed ground)
- 0.00** (dimensionless value, likely representing a width or height)
- kruinbreedte (m)** (crest width in meters)
- gebouw/kunstwerk** (structure/artificial work)
- as dwarsprofiel** (road cross-section profile)
- afsluiting algemeen** (general closure)
