

DWARSPROFIELPLAN

Opgemeten in: 1998

Opgemeten volgens bestek: L 4000 S 0001 G lot 3

The diagram illustrates the cross-section of a cable-stayed bridge. On the left, a horizontal line represents the 'vaste bodem' (fixed ground) and a vertical line represents the 'slibbodem' (mud bottom). A blue double-headed arrow indicates a 'kruinbreedte (m)' (crown width) of 0.00. A red vertical line marks the 'as dwarsprofiel' (shaft cross-section). The central part shows the 'Prikkelraad' (cable) and 'Draadafsluiting' (cable termination). To the right, a hatched area represents the 'Gebouw' (structure), and a green outline represents the 'Boom' (boom). The far right shows a green chain-like structure labeled 'Haag'.
