

DWARSPROFIELPLAN

Opgemeten in: 1998

Opgemeten volgens bestek: L 4000 S 0001 G lot 3

The diagram illustrates the cross-section of a cable-stayed bridge. On the left, a horizontal line represents the 'vaste bodem' (fixed ground), and a blue double-headed arrow indicates the 'kruinbreedte (m)' (crown width in meters) with a value of '0.00'. Below this, a vertical red line represents the 'as dwarsprofiel' (pier cross-section). To the right of the pier, a vertical line with 'x' marks represents the 'Prikkelraad' (cable stay), and a vertical line with dots represents the 'Draadafsluiting' (cable termination). Further right, a hatched rectangular area represents the 'Gebouw' (structure), and a green circular structure with a 'Q' inside represents the 'Boom' (boom). On the far right, a vertical green line with circles represents the 'Haag' (haag). The labels 'vaste bodem', 'kruinbreedte (m)', 'as dwarsprofiel', 'Prikkelraad', 'Draadafsluiting', 'Gebouw', 'Boom', and 'Haag' are placed next to their respective components.
