Diagram illustrating a cross-section of a road or embankment structure. The diagram shows a central section labeled "as dwarsprofiel" (asphalt cross-section) flanked by "vaste bodem" (solid ground) on the left and "gebouw/kunstwerk" (structure/artwork) on the right. A blue double-headed arrow above the central section indicates a width of "0.00". A red horizontal line is positioned above the right side. A vertical line separates the central section from the right side. At the bottom right, there are two 'x' marks and the text "afsluiting algemeen".
