

DWARSPROFIELPLAN

Aangeduide kruinbreedtes zijn indicatief.

Diagram illustrating the relationship between the fixed ground (vaste bodem) and the building/work of art (gebouw/kunstwerk). The width of the slope (kruinbreedte (m)) is 0.00. Below this, a vertical line represents the cross-section profile (as dwarsprofiel) with a general closure (afsluiting algemeen) indicated by two 'x' marks.
