The diagram shows a cross-section profile of a waterway. The top line represents the water surface elevation, with a peak of 23.09 on the left and a right bank elevation of 22.26. The bottom line represents the bed elevation, with a minimum of 20.40 in the center. A red vertical line indicates the as-built profile. A blue arrow labeled '4.08' indicates the water depth. The diagram includes labels for 'afsluiting' (closure), 'LO' (low water), 'begoeiing' (vegetation), and 'R0+begoeiing' (right bank vegetation). The structure is shown as a concrete wall with a masonry base.
