Vergelijkingsvlak 28.00m TAW

The figure shows a cross-section profile of a watercourse. The vertical axis represents elevation in meters above sea level (TAW), ranging from 28.0 to 31.0. The horizontal axis represents distance along the profile. The profile shows a watercourse with a water level indicated by a blue line and a ground level indicated by a cyan line. A wall (muur) is shown as a red vertical line. A tree (hoogstammige boom) is shown as a green tree icon. The profile is divided into sections by vertical lines, and the width of the watercourse is indicated as 5.70m.
