afsluiting algemeen
- This figure is a cross-section profile of a waterway, labeled 'Blokreek 03023/O8370, Dwarsprofiel 057'. The profile shows the water level (blue line) and the terrain (grey line). The water level is relatively flat, with a slight dip in the center. The terrain is also relatively flat, with a slight dip in the center. The profile is divided into several sections by vertical lines. The following table shows the data for each section:

MATEN TERREIN	MATEN SLIJBLIJN	TUSSENAFST. TERREIN	GECEM. AFST. TERREIN
