

DWARSPROFIELPLAN

The diagram illustrates a cross-section of a road or embankment. It includes the following components from top to bottom:

- gebouw/kunstwerk**: A red line representing a building or structure.
- afsluiting algemeen**: A pink line representing a general closure or barrier.
- as dwarsprofiel**: A vertical red line representing the cross-section of the road surface.
- afsluiting**: A vertical black line representing a specific closure or barrier.
- slibbodem**: A horizontal black line representing the silt bottom.
- vaste bodem**: A horizontal cyan line representing the fixed ground.
- 0.00**: A blue double-headed arrow indicating a reference level or elevation.
- kuuinbreedte (m)**: A horizontal red line representing the width of the road or embankment.
