

DWARSPROFIELPLAN

Opgemeten in: december 2018

Opgemeten volgens bestek: TO 2013-02

The diagram illustrates a cross-section of a building and its surrounding environment. On the left, a vertical line represents the ground level, with labels for 'Slipbodem' (slippery ground), 'Vaste bodem' (solid ground), and 'Afsluiting' (sealing). A blue double-headed arrow indicates a width of '0.00' meters. To the right of the ground level, a red vertical line marks the 'As dwarsprofiel' (roof cross-section). The building itself is shown with a hatched pattern for the 'Gebouw' (building) and a pattern of small circles for the 'Haag' (hedge). The 'Rand begroeiing' (edge vegetation) is shown with a pattern of small squares. The building is composed of 'Metselwerk' (masonry), 'Beton' (concrete), 'Oeververdediging baksteen' (riverbank defense brick), 'Hout' (wood), and 'Begroeiing gras' (grass vegetation). The 'Rand begroeiing' is labeled as 'Begroeiing'.
