The diagram illustrates a cross-section profile for a waterway. It features a central waterway with a defined bed and banks. The profile is characterized by a central dip and symmetrical slopes on either side. A red vertical line labeled 'LP' indicates a specific point of interest. The diagram includes a table with three rows: 'HOOGTEPEIL' (Elevation), 'SLIB' (Silt), and 'TUSSENAFSTAND' (Intermediate distance), and a 'CUMULAFSTAND' (Cumulative distance) row. The table provides numerical data for each segment of the profile.
