

Dwarsprofiel_48

DWARSPROFIELPLAN

The diagram illustrates a cross-section of a dike structure. From left to right, the components are:

- beginpunt begroeiing** (start of vegetation): Indicated by a green circle on the left edge.
- kruinbreedte (m)** (crest width in meters): Indicated by a blue double-headed arrow with the value **0.00** above it.
- vaste bodem** (fixed ground): Indicated by a light blue horizontal line.
- as dwarsprofiel** (axis of cross-section): Indicated by a vertical red dashed line.
- slibbodem** (silt bottom): Indicated by a black horizontal line.
- kunstwerk** (artificial structure): Indicated by a red horizontal line.
- afsluiting algemeen** (general closure): Indicated by a vertical line with two 'X' marks.
- haag** (hedge): Indicated by a vertical line with star-shaped symbols.
- gebouw** (building): Indicated by a vertical line with diagonal hatching.
