The diagram illustrates a cross-section profile of a landscape. A cyan line represents the 'vaste bodem' (fixed ground), which starts at an elevation of 47.49 on the left and generally slopes downwards to 47.06, then rises to 47.72 on the right. Below this, a table provides detailed data for each segment. A red dashed line indicates the 'as dwarsprofiel' (asphalt cross-section), which is located at an elevation of 45.86. Green circles mark the 'begin begroeiing' (start of vegetation) at elevations of 46.18 and 45.81. The profile includes various infrastructure elements such as walls, fences, and vegetation, as indicated by the legend. The word 'bos' (forest) is written at the top right of the diagram.

PEIL VASTE BODEM	47.49	47.51	47.48	47.41	47.42	47.37	47.32	47.21	47.20	47.10	47.06	46.79	46.52	46.18	45.86	45.81	45.81	45.81	46.19	46.83	47.44	47.55	47.69	47.72
