The figure is a cross-section profile of a riverbed. The top part shows a cyan line representing the 'VASTE BODEM' (solid ground) and a black line representing the 'SLIBBODEM' (sludge bed). The profile is divided into 20 vertical sections by black lines. The first section on the left is labeled 'BODEMPEIL' (ground level) with a value of 54.79. The second section is labeled 'SLIBBODEM' (sludge bed) with a value of 54.46. The third section is labeled 'CUMULAFSTAND' (cumulative distance) with a value of -18.62. The fourth section is labeled 'TUSSENAFSTAND' (intermediate distance) with a value of 2.43. The profile continues with various ground and sludge levels, and distances. A red vertical line is drawn through the profile, indicating a specific location. Two green circles are marked on the profile, one on the left and one on the right of the red line.
