The figure is a cross-section profile of a riverbed. The top line represents the ground surface (cyan), and the bottom line represents the riverbed (black). The profile is divided into segments by vertical lines. A red vertical line indicates the riverbed level. A black 'X' marks a specific point on the profile. Below the profile is a table with four rows: VASTE BODEM, SLIBBODEM, TUSSENAFSTAND, and KUMULAFSTAND. The table contains numerical values for each segment.
