The figure is a cross-section profile of a riverbed. The top line represents the ground surface (cyan), and the bottom line represents the riverbed (black). The riverbed has a central channel with a slight dip. A red vertical line marks the center of the channel. A black 'X' marks the center of the ground surface. The profile is divided into sections by vertical lines. Below the profile is a table with four rows: VASTE BODEM, SLIBBODEM, TUSSENAFSTAND, and KUMULAFSTAND. The table contains numerical data for each section.
