- The figure is a cross-section profile of a waterway. The top line represents the ground surface (VASTE BODEM) in cyan. Below it, a black line represents the bed level (SLIBBODEM). A red vertical line indicates the water level (AS WATERLOOP). The profile is flanked by hatched areas representing buildings (KRUISING GEBOUW). Two green circles mark the bank edges (RAND VAN DE OEVERBEGROEIING). Below the profile is a table with four rows: HOOGTEPEIL, SLIB, KUMULAFSTAND, and TUSSENAFSTAND, with numerical values corresponding to the profile's segments.
