

- LEGENDE
- = RAND VAN DE OEVERBEGROEIING

= VASTE BODEM

= SLIBBODEM

= AS WATERLOOP

= KRUISING GEBOUW

= KRUISING AFSLUITING

= HAAG
- The diagram shows a cross-section profile with three main lines: a cyan line for 'VASTE BODEM' (solid ground), a black line for 'SLIBBODEM' (bed level), and a red line for 'AS WATERLOOP' (water level). The profile starts on the left with a green line indicating the 'RAND VAN DE OEVERBEGROEIING' (edge of vegetation). The ground level rises from left to right, with a slight dip in the middle. The bed level is shown below the ground level, and the water level is shown as a vertical red line in the center. The diagram is divided into 18 vertical sections, each with a width of 1.00. The elevation data for each section is as follows:

Section	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18
