The figure is a cross-section profile of a riverbed. The horizontal axis represents distance in meters, and the vertical axis represents elevation in meters. The profile shows a riverbed with a central channel and side banks. A red vertical line marks the center of the channel, labeled 'MOLENBEEK'. The profile is divided into sections by vertical lines, with elevation data provided for each section. The elevation values range from 31.45 to 34.30 meters. The distance between sections is also provided, ranging from 0.60 to 3.30 meters. The profile shows a slight dip in the center, indicating a channel or depression in the riverbed.
