The figure is a cross-section profile of a riverbed, labeled 'MOLENBEEK' in red. The profile shows the riverbed's elevation (cyan line) and the underlying silt bed (black line). The riverbed is divided into 15 vertical sections by thin black lines. The elevation values for each section are listed in the table below. The silt bed is shown as a black line at the bottom of the profile. The profile is set against a light gray background.
