The figure is a cross-section profile of a riverbed. The horizontal axis represents distance in meters, and the vertical axis represents elevation in meters. The profile shows a series of vertical lines representing the riverbed at specific points. The elevation starts at 42.13 m on the left, decreases to a minimum of 38.93 m at the center, and then increases to 42.76 m on the right. The profile is labeled 'MOLENBEEK' in red text. The legend indicates that the cyan line represents the 'vaste bodem' (fixed bed) and the black line represents the 'slibbodem' (silt bed). The profile also shows various features such as 'algemene afsluiting' (general closure), 'weide-afsluiting (prikkeldraad)' (pasture closure (barbed wire)), 'haag' (hedge), 'gebouw' (building), 'muur' (wall), 'Pad' (path), 'straatnaam' (street name), 'beginpunt begroeiing' (start of vegetation), and 'slibbodem' (silt bed).
