The figure is a cross-section profile of a landscape. A central ditch, labeled 'MOLENBEEK' in red, runs vertically through the center. The ground level is represented by a cyan line, and the bed level is a black line. Various features are marked: buildings (hatched rectangles), walls (vertical lines with hatching), a hedge (dashed line), and vegetation points (green dots). The profile is divided into sections by vertical lines, with some sections containing numerical data.
