The figure shows a cross-section profile of a landscape. The ground surface is represented by a cyan line, and the bottom layer is a black line. Various features are marked: a building (hatched rectangle), a wall (hatched rectangle), a hedge (dashed line), a stream (blue line with a red label 'MOLENBEEK'), a path (dashed line), and a grassy area (dotted line). The profile is divided into sections by vertical lines, with labels 'Nieuwelaan' and 'Pad' indicating specific areas. The elevation values are provided in a table below the profile.
