The figure is a cross-section profile of a riverbed. The horizontal axis represents distance in meters, and the vertical axis represents elevation in meters. The profile shows a series of vertical bars representing the riverbed at different points. The elevation starts at 46.08 m on the left and decreases to 45.43 m on the right. The distance between points is indicated by the width of the bars. A red vertical line marks the location of 'MOLENBEEK' at a distance of 17.13 m from the start. The profile shows a slight dip in the riverbed at this location.
