The figure is a cross-section profile plan. The top part shows a terrain profile with a cyan line. Below it, a table provides data for terrain and slab elevations and distances. The table has five rows: MATEN TERREIN, TUSSENAFSTANDEN TERREIN, GEKUMULEERDE AFSTANDEN TERREIN, MATEN SLIB, and TUSSENAFSTANDEN SLIB. The bottom row shows the cumulative distances for the slab. The profile also includes a red line representing the river bed and a blue line representing the ground level. Dimensions are indicated by blue arrows: 8,53, 3,69, and 2,47. The profile is divided into sections by vertical lines, with some sections shaded in light blue.
