The figure shows a cross-section profile of a waterway. The top part is a line drawing showing the water level, the bed (vaste bodem), and the silt bed (slibbodem). A building is shown on the left bank, and a fence (afsluiting) is shown on the right bank. The profile is divided into sections by vertical lines. Below the profile is a table with four rows: BODEMPEIL, SLIBBODEM, CUMULAFSTAND, and TUSSENAFSTAND. The table contains numerical data for each section.
