The figure is a cross-section profile of a waterway. The top part shows a cyan line for the 'vaste bodem' (fixed bed) and a black line for the 'slibbodem' (mud bed). The profile includes several vertical lines representing structures: a building (pink hatched), a fence (red X's), a general fence (red line), a fence with concrete posts (red line with circles), and a hedge (green line). Below the profile is a table with four rows: BODEMPEIL, SLIBBODEM, CUMULAFSTAND, and TUSSENAFSTAND. The table contains numerical data for each section of the profile.
