The figure shows a cross-section profile of a waterway. The top part is a line drawing with a cyan line for 'vaste bodem' (firm ground) and a black line for 'slibbodem' (mud bottom). A pink hatched area on the left represents a 'gebouw' (building). A red vertical line indicates a specific point. Below the drawing is a table with four rows: BODEMPEIL, SLIBBODEM, CUMULAFSTAND, and TUSSENAFSTAND. The table contains numerical data for each section of the profile.
