slibbodem

The figure shows a cross-section profile of a ditch. The top cyan line represents the 'vaste bodem' (fixed ground) and the bottom black line represents the 'slibbodem' (sludge bed). The profile includes a ditch with a red vertical line indicating a specific point. A green dot marks the 'beginpunt oeverbegroeiing' (start of overgrowth). A red symbol (a square with an 'X') is located on the right side of the ditch. Below the profile is a table with four rows: BODEMPEIL, SLIBBODEM, CUMULAFSTAND, and TUSSENAFSTAND. The table contains numerical data for each section of the profile.
