The figure is a cross-section profile of a waterway. The top part shows a cyan line representing the 'vaste bodem' (fixed bed) and a black line representing the 'slibbodem' (sludge bed). The profile is divided into sections by vertical lines. Key features include a small structure in the center with a red vertical line, and two red 'X' marks on the right side. Below the profile is a table with four rows: BODEMPEIL, SLIBBODEM, CUMULAFSTAND, and TUSSENAFSTAND. The table contains numerical data for each section.
