vaste bodem

slibbodem

The figure shows a cross-section profile of a ditch. The top line (cyan) represents the 'vaste bodem' (fixed ground) and the bottom line (black) represents the 'slibbodem' (sludge bottom). The profile includes several vertical lines representing structures: a building (pink hatched), a fence (red 'x's), a general fence (red line), a fence with concrete posts (red line with squares), and a ditch (green line). The data table below the profile provides elevation and distance data for each section.
