The figure is a cross-section profile plan of a waterway. It shows a cyan line for the 'vaste bodem' (fixed ground) and a black line for the 'slibbodem' (sludge bed). A building is shown in pink with a label '778/011'. A red line indicates the 'beginpunt oeverbegroeiing' (start of bank vegetation). The profile is divided into 25 vertical sections. Below the profile is a table with four rows: BODEMPEIL, SLIBBODEM, CUMULAFSTAND, and TUSSENAFSTAND. The table contains numerical data for each section.
