The figure is a cross-section profile of a waterway. The top part shows a cyan line for the 'vaste bodem' (fixed bed) and a black line for the 'slibbodem' (mud bed). The profile is divided into 20 vertical sections. The 'BODEMPEIL' (bed level) is shown in a table below the profile. The 'SLIBBODEM' (mud bed) is shown in a table below the bed level. The 'CUMULAFSTAND' (cumulative distance) is shown in a table below the mud bed. The 'TUSSENAFSTAND' (intermediate distance) is shown in a table below the cumulative distance. The profile includes a pink line for a building, a red line for a fence, and a red line for a concrete post and fence. A pink box labeled '679/001' is located near the center of the profile.
