The figure is a cross-section profile of a waterway. The top part shows a cyan line for the 'vaste bodem' (fixed bed) and a black line for the 'slibbodem' (mud bed). A pink hatched area represents a 'gebouw' (building). A red line with circles represents 'afsluiting, prikkeldraad' (closure, barbed wire). A green rectangle represents a 'haag' (ditch). A pink box labeled '679/031' is located near the building. Below the profile is a table with four rows: BODEMPEIL, SLIBBODEM, CUMULAFSTAND, and TUSSENAFSTAND. The table has 18 columns corresponding to the profile segments. The first column is for the initial segment, and the subsequent columns are for the segments between the profile points.
