The figure is a cross-section profile of a waterway. The top part shows the ground profile with a cyan line for the fixed bed (VASTE BODEM) and a black line for the silt bed (SLIBBODEM). A bridge structure is shown in the center, with labels for 'Beton' (concrete) and 'Metselwerk' (masonry). A red line indicates a building (GEBOUW) crossing the waterway. Below the profile is a table with four rows: BODEMPEIL, SLIBBODEM, CUMULAFSTAND, and TUSSENAFSTAND. The table contains numerical data for each section of the profile. The right side of the profile is labeled 'Begroeiing' (vegetation).
