Landbouwbrug

The diagram shows a cross-section of a bridge structure. A central vertical line represents the bridge axis. A red dashed line indicates the water level. A green circle with a crosshair is located on the axis, with a dimension of 0.500m. A red line with a dimension of 75.77 is shown. The bridge structure is composed of several vertical elements, including a central pier and side walls. The table below provides the elevation and distance data for the bridge structure.
