

BUROMARKET

3.52

Technical drawing of a bridge cross-section. The drawing shows a concrete deck with a brick wall on the left side. The total width of the bridge is 6.87. The width of the brick wall is 3.52. The width of the central concrete deck is 4.86. The elevation of the top of the brick wall is 27.92. The elevation of the top of the concrete deck is 27.51. A cyan line represents the profile of the bridge deck, showing a slight dip in the center. A red dashed line indicates the centerline of the bridge.
